Zip EconoBoil

Wall mounted instant boiling water

The EconoBoil is a low cost thermostatically controlled instant boiling water system for locations where affordable reliability is required. Available in 3 and 5 litre models, it boasts a patented twin chamber and Steam-Heat-Boost™ technology to conserve significant amounts of energy.

Features and benefits

- Steam-Heat-Boost™ system recycles energy from steam to preheat the incoming cold water, conserving significant amounts of energy and reducing costs.
- Thermostatically controlled, twin chamber technology supports energy efficiency and reliability, ensuring long-term performance.
- Available in 3 and 5 litre models to suit your requirements.

Heating element

Long-life Incoloy® sheathed embedded rod type. Dry start protection.

Boiling chamber

- Steam-Heat-Boost™ technology.
- PPS (Organic Polymer) tank

Installation

Install over a draining board or worktop fitted with a drip tray. See instruction manual for full installation details.

Insulation

Tontine.

Thermostat

Capillary type, preset to 98°C.

Case

Corrosion-resistant white enamelled steel.

Tap

Two-way, chrome-plated classic, catering style.

Warranty

This product comes with a one year parts and labour warranty.
