

 Electric Radiator

RCBL

The comfort you need

Electric Radiator
RCBL

The exact size you were looking for.

Powerful and economical for small spaces. With its 38 cm height, you will no longer have space problems. All the advantages of Haverland radiators in a reduced format.

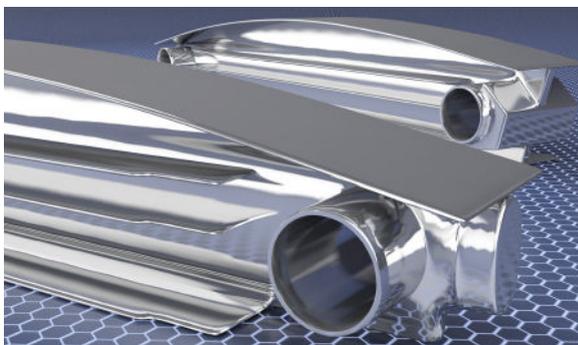

Thanks to our exclusive **consumption control function**, you will be able to know in real time the electricity consumption of your RCBL radiators to maximise savings without sacrificing comfort.

This electric radiator is smart in both design and function and is **ideal for conservatories** and loft extensions.
