

The Herschel Select XLS Round infrared panel offers a circular design for customers looking for a contemporary, modern finish to their infrared heating. This addition to our established and highly popular Select XLS range uses the same efficient infrared technology to provide optimum comfort levels from a stylish and super-slim, frameless panel. The XLS Round infrared heater can be easily ceiling or wall-mounted with Herschel's EASYFIX mounting system, it does not come with a UK plug.

In a choice of two colour options, white or grey, XLS Round is also equipped with wire mounting points on the rear to enable ceiling suspension - mounting wire kits (with 1 metre adjustable ceiling cable) are supplied with the heater. Select XLS Round comes with Herschel's SMART-R technology integrated into the panel, enabling simple smartphone-enabled control via our XLS thermostats (sold separately).

Herschel Select XLS delivers all the benefits of low energy, efficient infrared heating and is built for optimum performance and longevity. Our packaging is close to 100% recyclable and over 95% of the heater is fully recyclable at end of life - the perfect choice for a low environmental impact heating solution. Select XLS Round comes with a 5 year warranty.
