ACKITSELFEM	Self Test Emergency plug-in Versabox	Sold Separately
ACKITMWS	Microwave Sensor on/off Plug-in Kit	Sold Separately

Guarantee

Warranty	7 years
Battery Warranty	5 years
On-Site Warranty	2 years

Features & benefits

- Unique full length mounting slider allows complete freedom of mounting positions
- Versabox plug and play kit range to accommodate project requirements
- Rear and side housing conduit entry points
- Quick release moveable terminal block to suit mains cable entry point
- All installation points marked to aid accurate pre-drilling
- Supplied with mounting clips, hanging bracket and compression gland
- Quick connect through-wired version for side entry also available

Patent Information

Patent Pending

ACKITMWSDIM	Microwave Sensor Dim plug-in Versabox (requires 0-10V driver)	Sold Separately
ACREMOTEMWS	Remote for Microwave Sensor	Sold Separately
ACBESA	BESA Mounting Bracket	Sold Separately

Caiman Versa is a game changer when it comes to lighting solutions. This product is designed to provide maximum choice and reduce the need for stockholding, making it a great option for those who need to quickly and easily install lighting systems in a variety of settings. The full length mounting slider ensures that this product can be installed in virtually any position, while the Versabox plug and play kit range means that it can be customized to meet the needs of any project. The quick release terminal block makes wiring fast and easy, while all installation points are clearly marked on the outside of the luminaire to aid in accurate pre-drilling. Additionally, the BESA mount accessory (ACBESA) is sold separately for even more flexibility. Whether you're looking for a quick connect through-wired version for side entry or a more traditional installation, Caiman Versa has everything you need to get the job done quickly and efficiently.
