

# JC040200

## **Toughbay Pro**

Toughbay Pro 100W (75W & 50W) IP65 5700K 60° 1-10V

#### **Features & Benefits**

- 100W, 150W and 200W options available with Wattage switch to adjust output where necessary
- Available in 60°, 90° and 120° degree beam angles
- 1-10V dimmable as standard
- Simple toolless conversion to Microwave dim or PIR dim sensing
- Remote control available to control PIR on/off, MW on/off and MW step dim
- Ultra efficient, up to 150 Lumens per circuit Watt
- Emergency options available
- Surface mount bracket also available
- 5 year warranty including 1 year on-site

#### **General Information**

| Mounting                     | Suspended or Surface mount                             |
|------------------------------|--------------------------------------------------------|
| Trade Name                   | Toughbay™ Pro                                          |
| Environment                  | Demanding                                              |
| Color Finish                 | Black                                                  |
| IK Rating                    | IK10                                                   |
| Overall Dimensions           | 240Ø x 155mm                                           |
| Height (mm)                  | 155                                                    |
| Diameter (mm)                | 240                                                    |
| Product Weight(kg)           | 1.6                                                    |
| Light Source                 | LED                                                    |
| Additional Information       | Mains input cable supplied @1.5m                       |
| Luminaire Accessories        | LEV71950- PIR Sensor, LEV71951- MW Sensor, LEV71808-   |
|                              | Sensor Remote Control, JC040224- Surface Mount Bracket |
| Distance from lighted object | 0.3m                                                   |
| IP Rating                    | IP65                                                   |
|                              |                                                        |

| Origin of manufacturer         | Made in China                                           |
|--------------------------------|---------------------------------------------------------|
| Warranty                       | 5 Year Warranty(includes 1 year onsite)(see website for |
|                                | terms and conditions)                                   |
| Dimming Protocol Compatibility | 1-10V                                                   |
| Driver manufacturer            | JOL                                                     |
| LED manufacturer/type          | BMTC 2835                                               |
| Customs Tariff code**          | 9405499090                                              |
|                                |                                                         |

#### Electrical

| Voltage Rating                       | 100-277              |
|--------------------------------------|----------------------|
| Primary Running Current(Amp)         | 1.6                  |
| Inrush current(Amps)                 | 58A@130µs 230V~      |
| Operating Frequency Hz               | 50/60                |
| Secondary running current(mA)        | 320/400/480          |
| Constant Current or Constant Voltage | Constant current     |
| Luminaire Circuit Wattage1           | 100                  |
| Luminaire Circuit Wattage2           | 75                   |
| Luminaire Circuit Wattage3           | 50                   |
| Class                                | Class I              |
| Output Voltage Max/Range (VDC)       | 180-260              |
| Total Harmonic Distortion (THD)%     | <15                  |
| EMC Compliant (EN55015)              | Yes                  |
| Power Factor Correction              | 0.95                 |
| Input Electrical Connections         | Live, Earth, Neutral |
| Dimmable                             | Yes, 1-10V only      |

#### Thermals

| Operating Temperature Range °C | -20°C to +40°C |
|--------------------------------|----------------|
|--------------------------------|----------------|

#### Performance Data

| LED Life (Hours)*              | 60000                                                     |
|--------------------------------|-----------------------------------------------------------|
|                                | This product contains a light source of energy efficiency |
| Energy Rating                  | class C                                                   |
| Actual Lumen Output1           | 13300                                                     |
| Actual Lumen Output2           | 11100                                                     |
| Actual Lumen Output3           | 8000                                                      |
| Lumens Per Circuit Watt1       | 133                                                       |
| Lumens Per Circuit Watt2       | 148                                                       |
| Lumens Per Circuit Watt3       | 160                                                       |
| Color Rendering Index          | 80-89                                                     |
| CRI: Ra                        | 82                                                        |
| Correlated Colour Temperature1 | 5700K                                                     |
| Beam Angle °                   | 60                                                        |
| LOR (Light Output Ratio) %     | 100                                                       |
| Photometry Available           | Yes                                                       |
|                                |                                                           |

### Construction

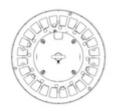

| Primary Material | Aluminium     |
|------------------|---------------|
| Outer Diffuser   | Polycarbonate |
| Heat Sink        | Aluminium     |
| Driver Housing   | Aluminium     |

## Packaging

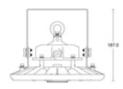

| Product carton overall dimensions(cm) | 24.5 x 24.5 x 14.5 |
|---------------------------------------|--------------------|
| Product Packaged Weight(kg)           | 1.895              |
| Quantity Per Outer Carton             | 6                  |
| Outer carton(L)- cm                   | 52                 |
| Outer carton(W)- cm                   | 47.5               |
| Outer carton(H)- cm                   | 27                 |
| Outer carton Net weight- kg           | 11.37              |
| Outer carton Gross weight- kg         | 12.44              |
| Product Bar Code EAN-13 Number        | 5052544122941      |
| Outer carton Bar Code ITF-14 Number   | 15052544122948     |

## Standards & Approvals

| Manufactured in accordance to | BS 60598-1-2015                  |
|-------------------------------|----------------------------------|
| CE Marked                     | Yes                              |
| UKCA Marked                   | Yes                              |
| Date code/Purchase order No.  | Yes                              |
| WEEE symbol                   | Yes                              |
| Certificate Of Conformity     | Available on request             |
| Accredited Members            | LIA, ISO9001-2015, ISO14001-2015 |

Non-replaceable light source

2

\*Hours life stated is an indication of expected L70 chip and light output calculations when operating in optimum conditions. Product warranty period supports the full product during the term given. The L70 hours expectancy is not correlated with the full product warranty term, nor is it a representation of lumen depreciation during the warranty period.
